Cocoon, a retailer of nature-inspired, hand-crafted furnishings and décor, has relocated its operations to Naples. Mitchell Siegel founded the company in Greenwich, Connecticut, in 2009. Relocating the Greenwich operations included moving Cocoon's woodworking facility to the Naples Design District, near the corner of Fifth Avenue North and Goodlette-Frank Road. The showroom is located at 602 Fifth Ave. S. in Naples. Cocoon is a licensed importer of exotic wood from Southeast Asia. The wood is sustainably harvested, and a tree is planted for each tree harvested for the company.
